## Fly-In Il de Cavallo 2018

from Thursday, 7<sup>th</sup> – Sunday, 10<sup>th</sup> June 2018

Dear Members,

Following our successful event in 2017 to Andalusia, we have again selected an extravagant destination for you this year:

**Il de Cavallo – the most exclusive island in the Mediterranean, a small jewel off the south coast of Corsica.**

No cars (except golf-buggies), no mass tourism and just the one dream hotel – the *Hotel & Spa des Pecheurs*.

Our beach hotel not only provides excellent service, but offers extensive sports and wellness facilities as well as culinary delights that will satisfy all major and minor gourmets.

Here we have booked our rooms, all with breathtaking sea views.

On the day we arrive, a buffet laden with regional delicacies will be awaiting us.

There used to be a small runway on this island, but after celebrities like Princess Caroline of Monaco, Bill Gates and others settled there, the runway was closed.

A guided tour with golf buggies will show us the beauties of this island.

Bicycles will also be available for individual excursions.

Culinary delights await us in the restaurant La Ferme which stands on a small hill and provides fantastic views over the island and the sea.

The next day we will visit Bonifacio. This town is situated on the southern tip of Corsica high up on white chalk cliffs and is, thanks to its location, probably the most impressive fortress town of Corsica. Bonifacio stands 60 meters above the sea and provides Corsica's most spectacular views. The houses of the old town seem to float over the abyss.

We will have lunch at the beach restaurant Maora Beach. Here we will have a super cool view of the sea.

Another highlight will be on Saturday when we have our barbecue on the beach itself at our hotel's Beach Club.

Our destination airports are Figari and Ajaccio.  
At both airports, the space available for parking our aircraft on asphalt is limited and only possible with prior approval. **Please understand that the allocation to the respective airport can only be made after consultation with the signatory.**

As the airfield at Figari can accept only 8 aircraft because of space, it would be very nice if only aircraft with at least 4 people on board were to land there. Please be so kind as to arrange this among yourselves and with your fellow aviators.

Taxis will take you to Pier Piantarella in just 30 minutes immediately after landing. The hotel boat will be waiting for you there to take you to the island of Il de Cavallo in just 10 minutes. The hotel staff will meet you and accompany you to the hotel in just a few minutes.

Those of our participants arriving in Ajaccio will be flown by helicopter shuttle to our hotel on the island of Il de Cavallo in about 25 minutes. Helicopter type: Écureuil Helicopter AS 350 - for 6 persons. Only 5 passengers with their luggage will be transported at any one time.

Both on the day of arrival (Thursday) and on the departure day (Sunday) three helicopter flights are planned. The respective departure times will be decided after consultation.

The helicopter will only start when there are 5 passengers on board.

In the attachment you will find the complete program and a link for registering on our website.

The hotel rooms will be allocated in order of registration, i.e. the first registrations receive the best rooms.

**Registration deadline is 25<sup>th</sup> February 2018**

I would be very pleased to receive numerous registrations!

Best regards and see you soon!
